

ORGANIC SUGAR

ORGANIC GRANULATED SUGAR TYPE: SOFT

Technical Specifications Sheet / Product Version: 01 • 07 • 2021

The ORGANIC SOFT sweet grain is the product obtained by the evaporation and concentration of sugar cane juice. It is a type of sugar considered the purest, natural and artisan, unbleached and unrefined, drawn directly from the juice extracted from the sugar cane, that only has had water evaporated; all the vital elements of the plant are in the sweet grain, so it has a higher nutritional value.

The ORGANIC SOFT in its preparation is free of any kind of chemical additives typical of making refined sugar, as the ORGANIC SOFT is not subjected to processes such as sulfation, decoloration and filtration, (compared to white or refined sugar). This is why the ORGANIC SOFT, does not lose the molasses that contain all nutrients in the sugar cane juice, as minerals, aminoacids and vitamins.

Composition

100% sweet granules obtained from sugar cane juice, organic, without additives.

Recommended use

The ORGANIC SOFT granulate is a product for direct consumption and for industrial use. It can be used as a sweetener or as an ingredient in the manufacture of beverages, pastries, sweets, chocolates, among others. This product is aimed for all people, except for those who for medical reasons should not consume it.

Nutritional value

It is an energy food source of calcium, magnesium, iron and potassium.

Specifications

Sensory Specifications	
Appearance	Grainy appearance golden - brown
Aroma	Characteristic sweet smell of sugar cane
Taste	Characteristically sweet taste, free of odd taste
Color	9.000-12.000 U.I. (SOFT 01-03)
Texture	Free of lumps
Physical and Chemical Specifications	
Sucrose	80-94%
Humidity	2-4%
Granulometry	< 40% sieve 1.4mm
Microbiological Specifications	
E. Coli Count	<10 UFC/g
Yeast and mold	Low to 10X10 ² CFU/g
Total Aerobic	Low to 10X10 ³ CFU/g

Certifications

For Kosher and Organic products, the respective certificates are extended.

Fair Trade.

Lot Analysis Certificate

Traceability

All packaging will be bearing the lot number, which is traceable to our records.

Packing

- Printed polyethylene bags with net weight: 450g, 900g and 2000 g, in corrugated cardboard boxes
- Unprinted polyethylene bags 25 kg in synthetic fiber bag.
- Other presentations that the client requests.
- Food grade bags compliance with GMP.

Storage

Store at room temperature with low humidity. Store in a covered container after opening.

Shelf life

12 months minimum kept under specified storage conditions.

Transport

Room temperature, low humidity. Vehicles and containers must meet GMP food practices.

Natural

No preservatives or other additives, nor has it been irradiated. It does not contain genetically modified material.

MSDS

It is a food entering the classification "not risky", therefore does not require MSDS.

No contaminants

It is monitored that the product complies with the laws of heavy metals, pesticide residues and acrylamide.

Allergens

This product does not contain any allergen.

Regulations

This product is a food or ingredient called Sweet granulated according RTCR 396: 2006 Cover Sweet and Sweet Grainy ; Sugar or no spin Code 163 according to the Organization for Agriculture and Food (FAO / WHO).

Produced under GMP RTCA 67.01.33.06 . Complying with the HACCP Plan by Codex. Microbiological controls according to RTCA 67.04.50.08 and monitoring of pollutants according to Codex Stan 193-1995 and 1881-2006 CE

Labelling in compliance with the provisions of General Law 26012 and RTCA 67.01.07.10 , 67.01.60.10 and Nutrition Labelling RTCA RTCA Product Number 67.01.01.11.06 .
